Player List

Permanent Residents:

Player Name	Role	Sessions Played	Short Description
Unseen Knowledge	God	1-end	"The God of Knowing Useless Information" would've been more fitting. Lots of fun to be around though.
Lazy Jester	Apostle of Knowledge.	1-end	Apostle of Knowledge . Probably wasn't cut out for her role, never faltered when it mattered.

Foggy Pearl	The Would-Be Apostle	1-end	Did a major portion of diplomatic work, could've been The Yaoi/Yuri Godess. Commonly referred to by Knowledge as "Light Yagami".
